The fourth edition of the standard, ISO/IEC 9899:2018 - Information technology - Programming languages - C defines the current C programming language. The C language defined by the 2011 edition of the standard has been given the informal name C11. While neither this, nor the names ANSI C and ISO C are ever explicitly mentioned in the standard document, their occasional usage reflects the significance of the hard work carried out by the standards community over the past thirty years in ...
