### **Baby Animals In The Wild | Animal Planet | Discovery**

There have been some episodes where the animal's young is stillborn, or doesn't survive the first few days (examples of this could be with the Thoroughbred mare, Whimsical Treasure, who loses her foal due to it being a breech birth). Other times the mother doesn't take very good care of her child, and it needs to be hand-reared (an example of this would be Betsy the giraffe, whose calf is taken from her when she wasn't able to nurse her properly).
