The simplest method, is to buy the book of values. See our page on vintage guitar values. Probably the easiest way, especially if you don't want to spend time researching vintage guitars, or have several guitars you need to look up. A small amount of knowledge of the guitar in question is required, the brand, model, age and condition.

Price Guide. Welcome to the Reverb Price Guide, the ultimate resource for music gear pricing and information. These price ranges utilize a combination of expert research, external market data, and real-time Reverb transactions to estimate the current value of items in used but original condition.

Price Guide | Reverb

The Blue Book of Electric Guitars 10th edition has more brands and is a bigger book, but the Vintage Guitar Price Guide 2008 has more accurate information and better research. For example, the Blue Book only has a few USA Kramers included, while the VG book has more vintage models listed and a better written history.

The catalogs scanned and linked below represent output from the year 1971 through the present. During the 1970's and most of the 1980's, Ibanez guitars were made almost exclusively in Japan, and the majority of electric models were made at the Fujigen Gakki manufacturing plant. For a brief history of Ibanez guitars, see below the catalogs.
