step-by-step guide: Trace both feet: Have your child stand on the sheet of paper - you may need a helper to keep them standing straight! Using the marker, trace the outline of both feet. Repeat this step if necessary to ensure accuracy. Measure length: Use the ruler to measure from the outside of the heel to the tip of the big toe on both feet. Write the number down in inches or centimeters, and label it as length.

You've placed 10 pieces in the first 15 feet, and you've been on the wall for 30 minutes. This is ridiculous. Space out your gear a little more. Get into the movement. Notice how easy the route is. Look down and realize you've climbed 10 feet without gear. Now freak out: Oh, my God, I'm free soloing! Place as many pieces as possible.
