Reflective practice is a core component of professional development for all health professionals. Without it, learning and self-growth become harder, and job satisfaction can suffer. It could be argued that at its best, reflection on what's gone well or badly in the day, is a natural yet unstructured aspect of a nurse's role. ...

### **Reflective Practice as a Tool for Growth**

Reflection is the process of making sense of an experience in order to learn and improve as a practitioner. 1 Often, we reflect as part of our everyday practice without being aware that we are doing it - for example, on the way home from work. Using reflection within health and social care has benefits for patients and the profession. In order to do this effectively, reflection involves describing, analysing and evaluating experiences from practice in a way that helps you make sense of it.

Sipe tells them that only 50% of the Catholic clergy practice celibacy, which creates a culture of secrecy -- covering up sex between consensual adults which extends over to covering up pedophiles. He continues, telling them that in 1985, a secretary canonist warned that pedophile priests would be a billion dollar liability for the Catholic Church.

### **Spotlight (2015) - Plot Summary - IMDb**

“Spotlight” is the recounting of the “Spotlight” team of intrepid investigative reporters at the Boston Globe who broke the Catholic Church’s clergy sex abuse story in January 2002 — mainly concerning the Archdiocese of Boston. This is a story that had to be told, and the filmmakers have done a capable and responsible job.
