Industrial Relations and Labour Laws Notes & Study Material

Labour law, the varied body of law applied to such matters as employment, remuneration, conditions of work, trade unions, and industrial relations. In its most comprehensive sense, the term includes social security and disability insurance as well. Unlike the laws of contract, tort, or property, the elements of labour law are somewhat less homogeneous than the rules governing a particular legal relationship.

Kluwer Law Online

Labour law arose in parallel with the Industrial Revolution as the relationship between worker and employer changed from small-scale production studios to large-scale factories. Workers sought better conditions and the right to join a labour union, while employers sought a more predictable, flexible and less costly workforce. The state of labour law at any one time is therefore both the product ...
