Amazon.com: Customer reviews: Justinian's Flea: The First ...

"In this eccentric and erudite book, in which a flea looms as large as an emperor, Rosen sets out to establish the forces that transformed the Mediterranean world of late antiquity into medieval Europe. Justinian's Flea is a massively ambitious work that covers a great deal of ground. It is a history of the eastern Roman empire and its many enemies, as well as a survey of the great city of Constantinople, a new Rome straddling seven hills and smelling strongly of fermented fish sauce.

Justinian's Flea

If the first line of defense for a single organism facing attack from the bacterium was the Innate immune system, society's first responders, then and now, were the city's doctors. By Justinian's day, the profession of medicine was as stratified as the Catholic Church.

Justinian's Flea - JUSTINIAN'S FLEA Plague, Empire, and ...

The Plague of Justinian or Justinianic Plague was the beginning of the first plague pandemic, the first Old World pandemic of plague, the contagious disease caused by the bacterium *Yersinia pestis*. The disease afflicted the entire Mediterranean Basin, Europe, and the Near East, severely affecting the Sasanian Empire and the Roman Empire and especially its capital, Constantinople. The plague is named for the Roman emperor in Constantinople, Justinian I who, according to his court historian Procop

Plague of Justinian - Wikipedia

The code synthesized collections of past laws and extracts of the opinions of the great Roman jurists. It also included an elementary outline of the law and a collection of Justinian's own new laws. The four-book code was completed in stages. Work on the first book, the Codex Constitutionum, began shortly after Justinian's elevation in 527.

Justinian I | Biography, Accomplishments, & Facts | Britannica

The title of Justinian's Flea: Plague, Empire and the Birth of Europe promises so much - the last great Roman Emperor (or first Byzantine Emperor, if you prefer), the Bubonic Plague, how the plague helped create the series of nation-states that have made up Europe for centuries.
