Learning to Program : Steven Foote : 9780789753397

There has been a lot of excitement lately about learning to code. As a part of "Hour of Code", Khan

academy, code.org, and codecademy all have tutorials that help you code up some sort of app within an hour. I love the excitement and the push to make programming more accessible to more people, because it certainly didn't feel accessible to me when I was teaching myself to program.

Learning to Program

Very straight forward, and it feels like the book is focused on helping me learn programming, instead of the author trying to prove how smart he is (and by the way, Steven is brilliant). This book, combined with many of the programming courses at CBTNuggets.com are a fantastic combination of learning tools.
