Mothers And Children Feminist Analyses

This feminist exploration of mothers, mothering, and motherhood combines evaluations of empirical and theoretical work with personal narratives by mothers or caregivers. While the authors' analyses yield suggestions for new approaches to motherhood, the narratives vividly demonstrate the relevance of these issues to women's lives.

families. Feminism continues to anatomize motherhood, but the move-ment is on the defensive. Certain once-desired changes recede as imaginable possibilities. In this period, feminists speak of 'different voices' and 'single mothers by choice'; the feminist hope of breaking the iron bond between mother and child seems gone, except in rhetorical

Mothers And Children Feminist Analyses And Personal ...

This book presents a fresh approach to the analysis of childrearing a topic on which there is a surfeit of opinions and advice but little sociological research and analysis. By focusing on mothers' own understandings of their childrearing, the author reveals how differences in childrearing are rooted in fundamental ideas about the nature of social life and the place of the individual and the ...
