### Ornamentalism How The British Saw

"A lively account...The basic, and quite intriguing, argument is that the British designed their empire not on the basis of racial subjugation, but of class privilege--the same hierarchy of class privilege that guided and ruled British society itself...Ornamentalism is as entertaining in its anecdotes as it is thought- provoking."--Boston Globe

...

In Ornamentalism, David Cannadine discusses the British empire's Image abroad and at home. He argues that the Empire was a class-based system intent on preserving the status quo, and that it was largely a net of Class and Feudal ideas held together by an almost Roman set of ideals. I can't say that he fully won me over, but he makes a good argument.

## **Ornamentalism: How the British Saw Their Empire by David ...**

Ornamentalism: How the British Saw their Empire. David Cannadine. The British empire has generally been seen as a racist empire. While not wholly denying this, Cannadine here suggests a different dynamic. The British rulers were motivated not by race but by class - they loathed Indians or Africans no more or less than they loathed the majority of Englishmen, dreaming of an empire based on defence and feudalism.

Ornamentalism: How the British Saw Their Empire - David Cannadine - Google Books. With the return of Hong Kong to the Chinese government in 1997, the empire that had lasted three hundred years and "upon which the sun never set" finally lost its hold on the world and slipped into history. But the question of how we understand the British Empire--its origins, nature, purpose, and effect on the world it ruled--is far from settled.

*Ornamentalism: How the British Saw Their Empire* is a book by David Cannadine about British perceptions of the British Empire. Cannadine argues that class, rank and status were more important to the British Empire than race. The title of the work *Ornamentalism* is a direct reference to Edward Said's book *Orientalism*, which argues the existence of prejudiced outsider interpretations of the East, shaped by the attitudes of European imperialism in the 18th and 19th centuries. It has also been argued

This delightful and instructive book argues that historians have failed to treat adequately the interrelationship between the United Kingdom and its empire. Although many scholars have dealt with race, Cannadine argues, they have neglected an even more important factor: class. To him, the empire was about reflecting and reinforcing British social hierarchies, underpinned by "a seamless web of ...
