While modern books are born digital, books old enough to be in the public domain may never have seen a computer. Google has been scanning books from public libraries and other sources for several years. That means you've got access to an entire library of classic literature that you can read on the computer or on a variety of mobile devices and eBook readers.

Someday Rich Planning For Sustainable

Engaging and informative, Someday Rich provides the context, description, and implementation suggestions for the Personal Asset Liability Model--a process that will allow you to determine a client's funded status relative to their future spending needs as well as develop and monitor their investment plan accordingly. While the methods in the Personal Asset Liability Model may not have been practically accessible to past advisors with a large number of clients, this model now brings together ...
