Stereo Receiver Buying Guide | thelinebook.com

If you want a home music setup, a stereo receiver is your best bet. Stereo receivers are generally more affordable than surround sound receivers. Home theater receivers, or surround sound receivers, are designed to "surround" the viewer with the audio from a TV show or movie. Surround sound receivers are generally more expensive than stereo receivers because they have to power more speakers, in some cases up to 11, and two subwoofers.

The Best AV Receiver for 2020 | Reviews by Wirecutter

Buyers should be proportionate in their home stereo spending, Chicoine recommends, and not spend their entire budget on speakers, for example and then cheap out on the amplifier and turntable. “It’s like buying a Porsche, and putting the cheapest gas you can find into it, because you don’t have any more money,” Chicoine says.

A Starter Guide to Buying a Home Stereo System | Reverb News

Home Theater Receiver Buying Guide. When choosing a home theater receiver, there are several factors to consider. After all, this device will serve as the controller and centerpiece of your stereo or multi-channel system. While there are plenty of options available, it's important that your new receiver matches your needs and is compatible with your source components, whether they be smartphones, streaming devices, Blu-ray players, or gaming systems.
