The Definitive Guide to Drupal 7 | SpringerLink

Other books: The Definitive Guide to Drupal 7 is definitive because it covers code, configuration, and community— and always with an eye how to keep learning. We wouldn't be definitive on Drupal if we did not help pick out the best books from the plethora, and in that spirit, we will recommend other books as we come across them.

The Definitive Guide to Drupal 7 (Paperback) - Walmart.com ...

If last-year's Professional WordPress is the must-have book for WordPress developers, then Definitive is at least the equivalent for Drupal developers; even given the relative differences in complexity between the two frameworks, this book simply provides more chapters on the details that aren't strictly necessary for developing with Drupal such as Drush, a command line shell and scripting interface, that I wasn't even aware of before picking up this book or the coverage of Git version ...

GitHub - Apress/def-guide-to-drupal-7: Source code for ...

I was set on purchasing the book The Definitive Guide to Drupal 7 by Apress Books. But then I read some reviews, which were mostly glowing, which I like, except they are a couple of years old. And even then other reviews more or less seemed to indicate that it was going out of date as Drupal had gone to version. 7.2 and eventually will be version 8, sometime in the future,

.
