[PDF] The Landscape of Qualitative Research | Semantic Scholar

The landscape of qualitative research attempts to put the field of qualitative research in context. Part I locates the field, starting with history, then action research and the academy, research for whom?, and the politics and ethics of qualitative research. Part II isolates what we regard as the major historical and contemporary paradigms now structuring and influencing qualitative research in the human disciplines.

The Landscape Of Qualitative Research [PDF]

The landscape of online qualitative research is beginning to change and adapt to meet the needs of today's consumers. As worldwide Internet usage continues to increase, the share of online qualitative research will increase with it. Although online will never fully replace face-to-face research, the former will continue to increase its share.
