The story behind this novel is one that needs to be told. It analyzes the effects of Chairman Mao's rule over China, as well as the "remote country of women," a Chinese civilization that is run entirely by women. These two topics are interesting and deserve to be recorded and read. This being said, I hated this book.

### The Remote Country of Women by Hua Bai - Goodreads

summary "A political prisoner's story [interwoven] with the pastoral, tenderly erotic lyricism of a folk tale." —Publisher's Weekly "The Remote Country of Women is one of Bai Hua's major works. For ordinary readers, it provides fresh and entertaining reading.

### Project MUSE - The Remote Country of Women

In altering chapters, the novel tells the stories of Sunamei, a young woman from a rural matriarchal community, and Lian Rui, a self-absorbed man who is also weary witness to the Cultural Revolution. Through his two protagonists, the author addresses themes of the repression and freedom of sexuality, the brutality of modernity, and the fluidity...

### The Remote Country of Women: A Novel - UH Press

With its twin tracks, The Remote Country of Women is only half about the exotic 'remote country of women' and its society-outside-society; indeed, more of the action takes place beyond Mosuo confines -- in a world that proves to be more fundamentally backward. For all its otherness, the world of the Mosuo is not only more idyllic, it is much more clearly structured -- with its citizens carefully following tradition and long-established standards -- and functions healthily.
